**Phone-in Time: 9.30.a.m.-10.00.a.m. Monday to Friday.**

This is the best time to speak to any doctor. If your doctor is not available the receptionist will tell you when to call again.

**How to obtain an Urgent Consultation:**

**Please ask for an urgent appointment for that day.** You will be seen the same day, but not always by the doctor of your choice.

### **HOME VISITS**

**Routine Home Visits**

If unable to attend the surgery  
and a visit is needed please telephone your request between 9.00.a.m. - 10.00.a.m.  
Monday to Friday

**URGENT HOME VISITS - PLEASE TELEPHONE AT ANY TIME  
AND YOUR REQUEST WILL BE DEALT WITH IMMEDIATELY.**

## When the Surgery is closed

If you are unwell in the evening, overnight or at the weekend:

- **Contact the Dorset Emergency Care Service on 111**

This service is for urgent medical situations – if you, or a member of your family, become ill and you are concerned. It is not for routine enquiries, such as booking an appointment with your GP, repeat prescriptions, test results etc.

A trained member of staff will answer the phone and take some details for you. They will pass your details straight over to a doctor who will ring you back to ask more about the problem and, with you, will decide the best option for you. Depending on the seriousness of your condition, this might be:

- ❖ Advice on over the phone,
- ❖ A visit to a local treatment centre, or
- ❖ A home visit by a nurse, doctor or paramedic.

## How to register

Please ask for a new patient pack at reception. If you wish to register with a specific GP, please let the receptionist know when you book your first appointment.

## **COMPLAINTS PROCEDURE**

We always try to give the best possible services, but there may be occasions when you feel this has not happened. We offer an informal in-house complaints procedure but this does not deal with questions of legal liability or compensation. We hope you will use it to allow us to look into and, if necessary, put right any problems you identify or mistakes that have been made. If you use this procedure it will not affect your right to complain to the Primary Care Trust if you so wish. Nor does it affect your right to seek compensation in law.

### **HOW TO MAKE YOUR COMPLAINT**

You can either telephone or write to our practice manager, Mrs. Philippa Cannings, who will take the details of your complaint and discuss how best to proceed with the investigations. If you prefer, you can obtain a complaints form from reception, which tells you what to do. Your complaint will be acknowledged within two working days.

### **COMPLAINING ON SOMEONE ELSE'S BEHALF**

Please note that a patient's signed consent will be necessary if the complaint is not made by that patient in person. Details are on the complaints form. If investigation of the complaint requires consideration of the patient's medical records, the Practice Manager, Philippa Cannings will notify the patient, or the person acting on their behalf, if the investigation is to involve disclosure of information contained in the records to a person other than the doctor or a partner, a deputy or an employee of the doctor.

### **WE ARE COMMITTED TO DEALING WITH COMPLAINTS SWIFTLY**

You will normally be offered to take part in a meeting within seven days. Occasionally, if we have to make a lot of enquiries, it may take a little longer, but we will keep you informed. You may bring a friend or relative with you to the meeting. Where possible we will provide you with an explanation and discuss any action that may be needed. We hope that by the end of the meeting, you will feel satisfied that we have dealt with the matter thoroughly. However, if this is not possible and you wish to take your complaint further, we will direct you to the appropriate authorities who will be able to help you.

Our practice manager is Philippa Cannings and should you have any questions please do not hesitate to contact the surgery.

### OUR RESPONSIBILITIES

We will treat you with courtesy and respect. Your confidentiality is our priority

We do our best to be accessible. We aim to offer an appointment with a Doctor within two working days.

You will always be able to see a doctor the same day if your problem is URGENT.

We will try to see you within 30 minutes of your appointment time. We will offer you an explanation if we exceed this.

We will strive to ensure that your repeat prescriptions are accurate and ready for collection at the agreed time.

When we order tests or X-rays, we will tell you how and when to obtain the results.

We will visit you at home if you are too unwell, or infirm, to be brought to the surgery.

We will maintain accurate medical records.

We all try hard to get things right, but welcome your suggestions and complaints if we don't succeed.

Please understand that a particular doctor may not always be available due to other commitments at the hospital, study days, holidays etc.

Please bear with us if we are running late. On another occasion it may be you that needs the extra time.

Please remember to order your repeat prescriptions before you run out of medication.

Please do not call before the suggested time.

Facilities for examination and treatment are better at the medical centre and the less time we spend traveling, the more time we have for patients. **Please do not ask for a home visit unless it is absolutely necessary.**

You have a responsibility too. **Please remember to tell us if you change your name, address or telephone number.** Please read our Practice Leaflet, which tells you how to make your views known.
